Preceptor FAQs

1. How do I become a preceptor?

You may contact the school(s) you wish to preceptor for and they will help guide you through the process.

2. I've called the schools and they told me to call the Board, now what?

In 2018, the Board voted to have the schools be in charge of the preceptor responsibilities. As a result, the Board no longer verifies preceptor status of pharmacists nor do we issue preceptor certificates.
